SUMMARY

Dynamic Front-End Web Developer with 4 years of experience in building innovative web applications using ReactJS, Typescript, and NextJS. Proven expertise in unit testing with Jest, contributing to high-quality code through Test Driven Development. Developed and optimized features for client applications, showcasing ability to resolve critical defects efficiently. Ready to leverage technical skills and engineering background to drive success and innovation in a progressive company.

WORK EXPERIENCE

CODING EXPERT

01/2025 – 10/2025

Outlier • Remote

- IA training by building UI pages to refine prompt responses.

FULLSTACK WEB DEVELOPER

08/2020 – 06/2024

Tata Consultancy Services • Guadalajara, Jalisco, México

- Engineered new features and addressed defects in one of the client's primary web applications using JavaScript technologies such as ReactJS, TypeScript, and NextJS.
- Applied unit testing methodologies with Jest to ensure code quality and functionality, alongside implementing Test Driven Development practices.

HELPDESK ANALYST

07/2016 – 01/2020

NTT Data Services • Guadalajara, Jalisco, Mexico

- Facilitated user support by diagnosing and resolving issues related to computer systems and clinical applications.

EDUCATION

Java Fullstack Web Development

01/2020 – 04/2020

Generation • Guadalajara, Jalisco, México

- Completed an intensive Fullstack Web Development bootcamp focused on front-end technologies such as JavaScript, HTML, React, Bootstrap, and CSS, as well as back-end development with Java EE and database management using MySQL. The program also emphasized Agile and Scrum methodologies and included the development of soft skills such as teamwork, communication, and problem-solving.

BIOMEDICAL ENGINEERING

01/2015 – 06/2020

Universidad de Guadalajara • Guadalajara, Jalisco, México

- Implemented engineering techniques and principles to tackle challenges in the healthcare sector through the design, construction, and maintenance of medical equipment and prostheses.
